## Our Mission

To monitor and continuously improve the Health, Safety, and Environment orientation standards for the US land contractor community.

.....

### The SafeLandUSA Advisory Group

The SafeLandUSA Advisory Group will accomplish its mission by fostering collaboration and reciprocal agreements between operating companies, industry associations, contractors, and training providers.

SafeLandUSA Advisory Group is a volunteer organization serving the US onshore upstream oil and gas industry. This organization is comprised of voting and non-voting members. Responsibilities and products include, but are not limited to: Syllabus development and oversight, accreditation criteria and authorizations, SafeLandUSA expansion and continuous improvement.

.....

## SafeLandUSA Advisory Group Members

Membership is open to representatives of US onshore E&P operators, endorsed accrediting bodies, trade associations, service/contractor companies, and representatives of federal and state agencies that interact with the oil and gas exploration, production, and transmission industry.

## SafeLand Accreditation

Accredited organizations are endorsed by SafeLandUSA and are responsible for ensuring that Training Providers deliver safety orientation programs that meet the minimum curriculum, assessment, and administrative requirements.

- Energy Training Council (*ETC*)
- International Association of Drilling Contractors (*IADC*)
- PEC Safety (*PEC*)

## Training Providers

Only SafeLandUSA Accrediting Organizations may approve Training Providers to deliver the SafeLandUSA endorsed programs. Training Providers may include, but are not limited to: Contractors (In-House programs), Service Companies, Commercial Training Organizations and Safety Councils.
